🎄 **Wishing you and your family the very best of health and happiness for the Christmas season and a wonderful 2026 from the Directors of the Fort Langley Community Association** 🎄

As another year comes to a close, it's hard to believe how quickly 2025 has flown by. With 2026 just around the corner, we wanted to share a festive year-end recap of the activities in the past year.

The year began with the unveiling of our beautiful new winter banner by local artist Faith Al–Dayyeni. The selection process was no small task with so many talented artists submitting designs. Thank you to everyone who contributed.

Throughout the year, we worked to keep residents informed about Township of Langley proposals that impact Fort Langley providing factual updates through our newsletters, social media and our website. These included initiatives such as the Haldi House restoration, Fort Langley community Park updates, dredging information, and several development proposals.

At our AGM on February 11, 2025, we welcomed 3 new Directors and we are hoping more members will consider joining us at our upcoming AGM on February 10, 2026.

⭐ Highlights from our 2025 activities:

- Updated FLCA pamphlets with QR codes linking to our website and social platforms
- Added an online membership application to our website to make joining easier. Subsequently, our membership almost doubled. 👍
- Continued our liaison role on mosquito control with Township of Langley, Morrow BioScience and Metro Vancouver
- Launched "Here and Home" a welcome to new residents that provides a gift basket with donated items from local businesses.
- Hosted "Fort Langley Connections" open house in May bringing together 28 local volunteer groups with local residents
- Hosted presentations at public meetings including:
    - Dennis Donovan from Fort Property Developments on a proposal called "The Missing Middle"
    - Matt Foy and Doug McFee from Salmon River Enhancement Society
    - Janine Chow from the Fort Langley Library
    - Jenna DeWitt from the Salishan Place by the River
    - Dr. Grant Rawstron from Fort Langley Legacy Foundation on 200th year Commemoration 2027

- Supported residential concerns including traffic and safety discussions with RCMP 🚓
- Participated with Township to provide input on issues such as cenotaph restoration and ToL's Transportation and Mobility Strategy Planning.

We look forward to another year of connection and conversation and if you have any suggestions for presentation topics for our monthly public meetings, please let us know.

Submitted on behalf of the Fort Langley Community Association
Sue Mackenzie, Chairperson
